Boost A Bit

Here, you discontented knocker.
Growlin' 'bout the country' ills
Chloroform yer dismal talker:
Take a course o'liver pills.
Stop yer ki-o-tee howlin'
Chaw some sand and get some grit,
Don't sit in the dumps a growlin'
Jump the roost
An' boost
A bit!

"Fall in while the band's a playin'
Ketch the step and march along—
'Stead o' pessimistic brayin'
Jine the hallelujah song!
Drop your hammer—do some rootin'—
Grab a horn, you cus, and split
Every echo with yer tootin';
Jump the roost
An' boost

Successful Housewarming

A large number of members and friends of the Congregational Church of this city gathered at the new parsonage, on Broadway, the home of Rev. and Mrs. Day last Friday evening to give the pastor,s home a christening and extend to the esteemed minister and his good wife best wishes and encouragement in their noble calling. Much to the surprise of Rev. and Mrs. Day, the affair turned out to be a donation party and the greatful recipients fellingly responded to the generosity of their friends and neighbors. Many beautiful and useful gifts were among the list of presents. Light refreshments were served and after thanking the genial host and hostess for the enjoyable evening spent, all departed for their homes with the pleasant memories of a most delightful time.

Business Improves

California as an all year round resort is becoming better understood and travel of pleasure seekers to the State during the year gives promise of a great increase. Arrangements are being made if possible for holders of tickets from Eastern and middle Western points to come or return by way of California, thus bringing many people to the State who otherwise would take direct routes.

Northwestern Extension

John F. Daly, who has been in New York and Chicago purchasing goods, returned on the steamer City of Topeka. On the train coming west Mr. Daly held conversation with a railroad construction man who said he was coming to San Francisco to bid on the tunnel work on the connection between Eureka and San Francisco. When they passed through the Sierras, he said that he would not stop and bid on the work there because he perferred to get the Eureka contract and was confident that he would be successful. Another man who was met by Mr. Daly after the train had left Chicago told him that he intended to come to Eureka shortly to purchase property as there was sure to be a railroad through there this summer.

May Increase His Plant

Fred Schell, the enterprising chicken man of Schellville and the pioneer in the hatching industry of this valley, informed a representive of this paper that he had already this season, hatched and delivered 5000 chicks to his customers, and now has incubators running with 5000 eggs. If orders keep increasing he will be obliged to enlarge his hatching plant's capacity. He reports that he not only holds all of his old customers, many of whom are going into chicken raising on a larger scale, but he has many new ones who are just embarking in the egg producing industry. By the way, Mr. Schell is one of the EXPOSITOR'S presistant advertisers and gives this paper credit for the large publiety given him through its advertising columns.

DeWitt's Carbonized Witch Hazel Salve is very good for chapped hands, cuts, scratches, burns or bruises. for it penetrates the skin and it heals quickly, but is especially good for piles. Sold here by all druggists.

Stars Shine Brightly

Valley of the Moon Chapter. Order of Eastern Star, held one of the most delightful meetings for many moons, in I.O.O.F. hall, last Tuesday evening. Three members of the order affiliated with this chapter, the members giving the new Stars a most hearty welcome. An amusing photo contest followed the regular business of the session. A number of the members loaned the committee their old photos, —most of which were taken many years ago—and were on this occassion, designated by numbers only, and the members were asked to guess who was who. Prizes were offered for those who guessed the most pictures correctly. Mrs. Chas. Cutter won first prize and Miss Meta Stofen, the second. Then came the banquet, which was great. It needed to be seen and tasted to be appreciated. It was thoroughly appreciated.

Enthusiastic Meeting

Bear Flag Camp, No. 758, Woodmen of the World held a very enthusiastic and well attended meeting in Woodman Hall on last Saturday evening.

State Organizer Gilroy and Special Organizer Craw were present and made the local order appropriate speeches. Mr. Gilroy complimented the boys upon their hall and well conducted meetings and stated that he had not been with such a nice little camp in many days and asked them to join in the big log rolling to be held in Healdsburg on April 15

After a pleasant meeting all marched to the banquet room where all enjoyed the many good things set before them, and, as usual, forgot to go home until 2 A. M. At the same meeting it was decided to have an open meeting and smoker on the next regular meeting night, March 20, and all Woodmen are requested to invite their friends.

Stomach Distress

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and over come a sour stomach five minutes afterwards.

If your meals don't tempt you or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take one triangule after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in he stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50 cent cases contain more than sufficient to cure a case Dyspepsia or Indigestion.

FRIDAY, MARCH 12 1909.

Slowly but surely the citizens of our city are coming to life and are talking about organizing a Board of Trade. This is an order we must have and we cannot improve Sonoma without it. This is a year in which we can achieve a great many things for our community and it is time for us to be up and doing. There is no cause for delay, and the longer we wait the more we have lost. If approached properly capital will respond to the many advantages we can give them. So, if we are to have a Board of Trade, let's get busy and get things in running shape.

What strange rumors one often hears. Rumors that are laughable and so utterly out of keeping and false that they are hardly worth repeating, yet when so repeated are often magnified ten-fold. The latest one that comes to our ears is that the EXPOSITOR is controlled by certain parties in Sonoma. It is, and the party who controls it is myself, C. L. Newman, and no one else, and I assure you that I have no intention of allowing any one but myself to get control of the paper. I am working for C. L. Newman and the community at large and the interests of Sonoma Valley and not for one man, a set of men or any corporation. So rest easy, I'm not controlled by any person but my wife, and only then when the broom is in sight.

Citizens and Trustees Meet

The Citizens and Board of Trustees met in Union Hall last evening for the purpose of discussing the License Ordinance. A number of good arguments were presented on each side of the question and the matter given considerable discussion, and, though nothing was accomplished, officially, the supposition is that at the next session of the Board of Trustees the Mercantile ordinances of the several towns of Sonoma County of the sixth class will be asked for and a new ordinance drawn up that will be satisfactory to all. This matter has been hanging fire entirely too long and we hope the Board will bring things to a head in the near future.

A Challenge

A Petaluma Base ball team wants to play any team in Sonoma under 14 years of age. They will come to Sonoma or the Sonoma boys can go there. They can play any day during Teachers' Institute except Saturday and Sunday. If the Sonoma boys accept the Challenge address Mert. Stewart, 26 Bassett Street, Petaluma.

Boys this is an opportunity to show Petaluma what you are made of, so accept the challenge and do them up.

Rock Crusher for Sonoma

S. Shocken and Oscar T. Weber have decided to put in a large rock crusher of 1000 tons capacity per day in the Shocken quarries in the hills above town right away and to have the same in operation by May 1st. These quarries have genuine basalt rock and is clean from dirt, and is inexhaustable.

For a good many years this rock has been taken and the waste carried to the dump pile, which is now very large and can be readly crushed, thus doing away with the added expense of blasting.

Engineer Zook, Supt. of Maintainance of Way of the Northwestern, spent Wednesday with the parties interested, going over the grounds and arranging matters so as to enable the putting in of a side track where the rock is to be loaded and then taken to Black Point where it is to be loaded on schooners and taken to San Francisco.

Accidental Shooting

Mr. Leo Perring, of Agua Caliente, while engaged Sunday evening in shooting a pig accidently shot the little finger of his left hand, shattering the bone. He was hurried to the Leix Sanitorium and there had the finger amputated. It is not known positively just how the accident happened, but the supposition is that he was holding the pig with his left hand and fired the shot from a revolver held in the right hand, and, no doubt, the pig did not like prospects and was jumping around considerable, making it very hard to take accurate aim. The shot must have been fired directly at the left hand. From last reports we learn that Mr. Perring's hand is healing rapidly and does not inconvienence him much.

Skookum Rod and Gun Club

The Skookum Gun and Rod Club met in special session at the headquarters in Shellville on last Friday evening, and transacted the usual routine of business.

Considerable discussion was indulged in regarding whether it is feasiable or not to build fresh water ponds on their hunting grounds the coming season. While a good many seemed to be in favor of the project the matter was left unsettled.

One of the members, Howard Knight, must have arrived hungry for he kept up a constant cry for a banquet and finally to keep him quiet it was decided to give a smoker and banquet in Woodmen Hall tomorrow evening at 9 P. M. A banquet committee has been working among the members the past week and from reports a good time and feast is expected. A number of members will be called upon for speeches by Toastmaster Haven and had better come prepared to tell their troubles of the past season and their hopes for the coming season. All members are requested to confer with S. H. Haven and be present tomorrow night.

A Terrific Explosion

A terrific explosion occured in Petaluma on Tuesday evening of this week, wrecking the two upper stories of the Mutual Relief building. One man was injured and several people narrowly escaped serious injury. The third story of the building was occupied by the Red Men and a meeting of the Council of Pocahontas, the Woman's auxiliary of the Red Men, was about to commence. A number of the members of the Council had arrived and the odor of gas being detected, one of them struck a match to investigate. Immediately there was an explosion which wrecked the building. Had the explosion taken place a few minutes later the room would have been filled with women and the casualitis would have been greater. No theory as to the cause is yet advanced.

Building For Sale

The trustees of El Verano Dist. now offer for sale the old school buildimg. Sealed bids will be received by the clerk up to March 20, 1909. All bids must be accompanied by a certified check for ten per cent of the bid. Purchaser to remove said building within a reasonable time to be specified by the Board of Trustees.

A very pleasing entertainment was given in Mayflower Hall last Saturday evening by the Congregational ladies of Kenwood. The play was entitled "Mrs. Briggs' Poultry Yard," and the different parts were well sustained. This same play will be given at Kenwood next Friday evening and at the Rincon School house Saturday evening.

Dr. Frazier has recently purchased a violin and intends pursuing the study of music. James Pieratt and Jerry Lafferty who for years have been exploring the "mysteries of the fiddle" undisturbed amid the granite rocks and towering pines, may find in the genial Doctor an able rival and would do well to string up their fiddles, lest he claim the championship.

B. M. Bones, a well known and much esteemed Native Son and Woodman, and who was born and resided here all his life, fractured his leg last Wednesday. Mr. Bones was in the employ of the road district and was standing over the quarry a distant of 20 feet when suddenly the ground gave away hurling him to the bottom with result as stated. He certainly has the sympathy of his many friends who hope for a speedy recovery.

Two young ladys of Glen Ellen recently conceived the idea of a concert a la telephone. The one acting as audiance at the one end of the line while the other furnished the music. When all in was readiness the young musician took her stand at the mouth of the phone and played twenty or more of the dear old melodies. When at the end of the concert she rang up for an encore or a word of approval. She was quite distressed to find her efforts had been unheard and useless for she in her haste had forgotten to take down the receiver.

High School Report.

Lick! Lick! Your name is a hoodoo. Last Saturday one of the hottest basket ball games of the season was played in Union Hall by the Lick team of San Francisco and the Sonoma Valley Union High School team. At the end of the first half the score stood 17 to 14 and in Sonoma's favor. All the boys showed the stuff they were made of when the game began. Ray Cooper showed his center that size was not everything and some beautiful team work was shown by our team. The final score stood 33 to 24 in Sonoma's favor. The team was lined up as follows: Lick—Center, Worth; Guards, Gardiner and McHenry; Forwards, Felt and Creighton. Sonoma—Center, Cooper; Guards, Poppe and Trowbridge; Forewards, Logan and Dresel. The heavy north wind which has been blowing the past week seemed to gain volocity last Wednesday morning and blew down many trees, threw sand in pedestrians eyes and did its best to carry away everything in sight. In our plaza it blew down three of our prettiest shade trees. On First Street West we noted a number of our citizens working deligently on a very large tree which threatened to topple over on the real estate office of D. H. Twing. After considerable labor and pulling on a rope attached to the tree they succeeded in falling it in the street, where it was cut up in blocks and rolled to one side. We venture to say that this is the first time these worthy supporters of our city have perspired so freely in many a day—at least during the dull season of the past winter. However, we give them their just dues in their saving the real estate office.

Mrs. F C. Poulson and son Jack, went to Oakland last Saturday afternoon for the purpose of purchasing an artificial arm for Jack, who it will be remembered, accidently shot his arm off last winter while on a hunting trip. It will be remembered she was the first Guardian Neighbor of the local lodge.

Don't Slander

True as life is the story that tattlemongers are never able to leave other people's business alone, even though they themselves live in glass houses and were the same stones hurled at them that they throw their houses would tumble quickly to the ground. There is room for argument on all questions but not for slander, and those who turn argument into slander are worse then pests—not even worthy of existance in a liberty loving community of people who are ever striving for the upbuilding of their own city and vicinity. Such people are a detriment to any city and should not be listened to in any argument or slander as they always have their hammer out and their sword ready to sever the head of their best friend, and, in some cases, the heads of their own families. In this day of progress it behoves the man of business to be ever on the alert looking for opportunities to improve his city, realizing in so doing he is making the greatest improvements in his own business from which, when properly managed, he will be able to reap a harvest for many years to come. Work for your city and not against it. Stand by the people who do work continually for your town and above all things don't be a knocker, but shove with all your might and be ever ready and willing at all times to assist in the upbuilding of Sonoma and surrounding country, for we have the best valley in the land, equalled by none and a valley once seen never to be forgotten.

A Heavy Load to Carry

"ALL IS WELL THAT ENDS WELL."

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. On the other hand the blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous drugs.

No man is stronger than his stomach. Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body considered as a whole is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in back and knees, in hands and feet equally. So also will the weakness be equally distributed among the organs, heart, liver, kidneys, etc., being proportionately weak according to the amount of the reduction of their daily ration of nutrition.

By way of example take the case of the Assistant Treasurer of the Catholic Foresters at Quebec, Mr. Louis Pare, who writes:

"For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formula and other untruthful statements put flished by competing and disgruntled medicine men concerning Doctor Pierce's World-famed Family Medicines the Doctor has decided to publish all the ingredients entering into his "Golden Medical Discovery." Hereafter every bottle of this medicine leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound, printed in plain English.

Dr. Pierce's Pleasant Pellets

These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Liver and Bowels and their attendant diseases of all ailments. One or two a laxative three or four a cathartic.

Sunday, March 7, was the anniversary of the birth of Luther Burbank, one of the best known citizens of Santa Rosa. As is his custom on his birthday, the time was spent at his home with his aged mother. Doubtless a number of intimate friends called to extend their congratulations to the eminent Santa Rosian, and to wish him many additional years of health and strength that he may complete the many things which he has undertaking, and which will prove of much value to humanity.

In Holland there are a few ablebodied paupers. There is a track of public land containing 5000 acres, which is divided into six model farms, and to one of these is sent the poor person applying for public relief. If he voluntarily serves until he learns agriculture he is allowed to rent a small farm for himself and be what is called a free farmer. Every pauper who is thus reclaimed to honest regular industry is so much gain to the state. There is also a forced labor colony, where beggars and vagrants are sent to do farm work whether they like it or not.

Just a little CASCASWEET is all that is necessary to give your baby when it is cross and peevish. CASCASWEET contains no opiates nor harmful drugs and is highly recommended by mothers everywhere. Conforms to the National Pure Food and Drug Law. Sold by all druggists.

The County Board of Education met Saturday in the office of County Superintendent De Witt Montgomery. They were busy during the day preparing questions for the examinations of the pupils from the grammar grades to the high school. This duty will keep them busy for several meetings also. All members of the board were in attendance.

This is the most dangerous time of the year to take cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principle cures the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup, as it tastes so good, nearly like maple sugar. It is sold by all druggists.

Frank A. Leach Jr., manager of the Oakland Gas Light and Heat Co., has been summoned to appear in the police court to answer allegations made against the corporation by Elmer F. Pedlar, deputy state game and fish commissioner. Pedlar began a prosecution of the company recently by filing a complaint setting forth that the gas company is running petroleum waste into the bay waters, with the result that the oysters in the bay beds are being exterminated.

To have fine, fair skin and healthy, rosy cheeks you have to have first a good, healthy, perfect digestion in order that you may have rich, red blood. Reports received by the California Promotion Committee from its Eastern Bureau, and other affiliations throughout the country and Europe indicate a heavy colonist travel during the spring season, beginning March 1. Special inquiry points to many colonists coming to locate on small farms.

Sour stomach makes sour people. It makes your disposition sour—you become disliked because of your sour nature. Every bit of it can be stopped just as soon as you take something to digest the food you eat. Sour stomach is caused by too much acid arising from undigested food. Kodol for Dyspepsia and Indigestion will digest any kind of food in any combination at any and all times. Keep your stomach well by taking Kodol now and then. Sold by all druggists.

Professor H. A. Howell, of Havana, Recommends Chamberlains Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now." writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Simmons.

After four years' litigation, the Secretary of the Interior has handed down a decision sustaining Geo. F. Wheeler's claim for ownership of valuable oil lands in Kern County, which has previously been confiscated by the State of California. As a result of the settlement Wheeler and his collectors will at once develop the property, situated in an oil-bearing section. Other suits probably will be brought against the State.

For Diseases of the Skin

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by L. S. Simmons.

The drink of wine C. Worth, a well known and elderly resident of Cloverdale, gave an Indian a short time ago, has cost him exactly $237.50. He was fined $100 upon arrest, and now Deputy Internal Revenue Collector Pohly has made him put up $137.50 for selling liquor without a license.

Good Home Receipe

Get from any prescription pharmacist the following:

Fluid Extract Dandalion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinal difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.
